About Özay Plastik

Since 1995

Founded in 1995, Özay Plastik manufactures valves and connection fittings for the plumbing and heating industries. Its product range includes PP-R pipe fittings, valves and boiler connection sets, serving customers in Türkiye and international markets. Its production structure brings together injection moulding, valve assembly, tooling, assembly, R&D and quality control.

Our Vision

We aim to meet our customers' needs through quality products, timely production and shipment, while continuously developing our products through R&D.
